

CLAD-LINE CL1 Framing System

Description:

CL1 is CLAD-LINE's vertical subframe system suited for a wide range of face fixed and discrete fixed cladding applications including metal rainscreen panels, Rockpanel, fibre cement, high-pressure laminate (HPL) and ACM.

CLAD-LINE's T and L profiled rails are fixed using the CL range of support brackets. Fixed Point (dead load) brackets are designed to absorb vertical dead loads while the Sliding Point brackets allow for expansion and contraction and designed to absorb wind loads.

CLAD-LINE's range of support brackets comes pre-fitted with a thermal isolation pad. This reduces installation time on site as well as improving the thermal performance of the bracket

Features and Benefits:

- Lightweight
- Durable
- Pre-fitted Iso Pad
- Tested to CWCT standards

Applications:

For panel systems using face fixings or discrete mechanical fixings.

Product Guidance – As Standard:

Material:

Aluminium

Options:

Fixings:

A range of fixings are available. All fixings can be colour matched

Product Specification:

Manufacturer:

Name - CLAD-LINE FRAMING SOLUTIONS

Brackets:

Single Bracket 40mm – CLSB40 45-75mm Range
Single Bracket 60mm – CLSB60 65-95mm Range
Single Bracket 90mm – CLSB90 95-125mm Range
Single Bracket 120mm – CLSB120 125-155mm Range
Single Bracket 150mm – CLSB150 155-185mm Range
Single Bracket 180mm – CLSB180 185-215mm Range
Single Bracket 210mm – CLSB210 215-245mm Range
Single Bracket 240mm – CLSB240 245-275mm Range
Single Bracket 270mm – CLSB270 275-305mm Range
Single Bracket 300mm – CLSB300 305-335mm Range

Double Bracket 40mm – CLDB40 45-75mm Range
Double Bracket 60mm – CLDB60 65-95mm Range
Double Bracket 90mm – CLDB90 95-125mm Range
Double Bracket 120mm – CLDB120 125-155mm Range
Double Bracket 150mm – CLDB150 155-185mm Range
Double Bracket 180mm – CLDB180 185-215mm Range
Double Bracket 210mm – CLDB210 215-245mm Range
Double Bracket 240mm – CLDB240 245-275mm Range
Double Bracket 270mm – CLDB270 275-305mm Range
Double Bracket 300mm – CLDB300 305-335mm Range

Rails:

L Rail 60 x 40 3000mm	CL1-60x40L/3000
L Rail 60 x 40 6000mm	CL1-60x40L/6000
T Rail 100 x 60 3000mm	CL1-100x60T/3000
T Rail 100 x 60 6000mm	CL1-100x60T/6000
T Rail 100 x 40 3000mm	CL1-100x40T/3000
T Rail 100 x 40 6000mm	CL1-100x40T/6000
T Rail 80 x 60 3000mm	CL1-80x60T/3000
T Rail 80 x 60 6000mm	CL1-80x60T/6000
